Agenda of National Workshop

1. The main objective of the workshop is to create an awareness about importance of Food Safety Standards Act, 2006 and its major regulations & FSSAI Initiatives under Eat Right India.
2. To aware the academicians about Food Safety Act so that they can understand deeply the importance of regulations and start incorporating as a major subject in their course curriculum.
3. All participant institution will motivate to become an active participation in Eat Right India/Eat Right Campus initiative. This workshop will help participant to learn about the new integrated law - FSSA, 2006 about its importance & requirement for its implementation.
4. National Workshop helps to bring together academicians and experts from different industries to exchange their knowledge and expertise. This will provide an in-depth analysis of subjects and update the knowledge of the participants from academic/research institutions.

Food Regulation and compliance Centre (FRCC)

Food Regulation and Compliance Centre (FRCC) is an independent, research and advocacy based multi-disciplinary national level scientific organization provides strength to national food regulatory frameworks and enhancing its compliance through independent scientific advice. Food Regulation and Compliance Centre also educates consumers regarding food safety compliance and effective implementation of Food safety Management System.

Food Safety and Standard Act, 2006

The Food Safety and Standards Act, 2006 received the assent of the President on 23rd August, 2006, and is hereby published for general information: -FOOD SAFETY AND STANDARDS ACT, 2006 No. 34 OF 2006.

It is an Act to consolidate the laws relating to food and to establish the Food Safety and Standards Authority of India for laying down science-based standards for articles of food and to regulate their manufacture, storage, distribution, sale and import, to ensure availability of safe and wholesome food for human consumption and for matters connected therewith or incidental thereto.

Eat Right India

In the preamble to the Food Safety and Standards Act, 2006, the Food Safety and Standards Authority of India (FSSAI) is expected to ensure availability of safe and wholesome food for the people in India. Therefore, FSSAI has embarked on a large-scale effort to transform the country's food system in order to ensure safe, healthy and sustainable food for all Indians through the '**Eat Right India**' movement. The tagline 'Sahi Bhojan. Behtar Jeevan', thus, forms the foundation of this movement.

Eat Right India adopts a judicious mix of regulatory, capacity building, collaborative and empowerment approaches to ensure that our food is good both for the people and the planet. Further, it builds on the collective action of all stakeholders - the government, food businesses, civil society organizations, experts and professionals, development agencies and citizens at large.
